Tai Tak Paper Co LTD
Tower 1 Millennium City 1
388 Kwun Tong Rd
Kwun Tong Kowloon
Hong Kong

Product(s)	TruServ™ 12% PCF
Manufacturing Location	WestRock Evadale Mill Evadale, TX

The above listed paperboard product(s) are produced from 12% post-consumer fiber and 88% virgin fiber based on a 12-month average. Pre-consumer fiber is not utilized in the manufacture of TruServ™ paperboard.

The Evadale mill does reprocess internally generated trim waste and rolls. The content of these sources may vary as the result of operational demands.

This determination is based upon information available as of the date of this submission, which primarily includes component supplier disclosures and Safety Data Sheets (SDSs). It may also include technical data sheets; any additional information provided by suppliers; testing, if applicable and available; and/or general industry knowledge. The above listed substances may be naturally occurring elements or compounds or are ubiquitous in the environment and may be present in trace quantities. WestRock does not conduct testing for all the listed compounds.

This letter applies to the materials listed above as shipped and as of the date of shipment. This statement does not alter, amend, supersede or in any way affect WestRock's Terms and Conditions, and/or any other written contractual commitments between the parties.
