Product(s) Crescendo® Paperboard

Manufacturing Location WestRock Covington Mill
Covington VA

EU Directive 94/62/EC

The European Union Packaging and Packaging Waste Directive establishes requirements for preventing or reducing the environmental impact of packaging and packaging waste as defined in Article 3. The paperboard product referenced above meets the requirements of Article 11 (heavy metals) of EU Directive 94/62/EC and subsequent amendments. The sum of the concentration levels of lead, cadmium, mercury, and hexavalent chromium present in the paperboard does not exceed 100 ppm and none of these regulated metals are intentionally added to this product.

This determination is based upon information available as of the date of this submission, which primarily includes component supplier disclosures and Safety Data Sheets (SDSs). It may also include technical data sheets; any additional information provided by suppliers; testing, if applicable and available; and/or general industry knowledge. Many of the materials listed in the various state regulations are naturally occurring elements or compounds or are ubiquitous in the environment and may be present in trace quantities. WestRock does not conduct testing for all the listed compounds.

This letter shall apply to materials listed above as shipped and as of the date of shipment. This statement does not alter, amend, supersede or in any way affect any existing terms and conditions of sale of purchase between the parties, including Terms and Conditions and/or any contracts or contractual commitments between the parties.
